EXPLANATORY NOTE

(This note is not part of the Order)

1. This explanatory note relates to the Game and Wild Birds (Special Protection Areas) Order 2010. It has been prepared by the Office of the Attorney General and Legal Adviser in order to assist the reader of the Order, and does not form part of the Order.
2. The Order designates three areas as Special Protection Areas under section 8(1) of the Game and Wild Birds Ordinance 2008 (“the Ordinance”). The effect of this is that any proposed project which might affect such an area, either on its own or in conjunction with another project, is subject to an appropriate assessment under section 10 of the Ordinance and will not be allowed to go ahead without the Chief Officer’s approval. In addition, the Chief Officer is under a duty to prescribe measures for the protection and management of each Special Protection Area.
3. It should be noted that the Episkopi Cliffs Special Protection Area does not include the small area on the map within the boundaries of the area outlined purple that is not itself cross-hatched in purple; it only includes the cross-hatched area.
