### **SCHEDULE 3**

## Hunting of game accompanied by a dog during the Summer-Autumn Game Season 22

PART 1 Regulation 5(1)(a)(i) AVIOS LOURAS OR EPISKOPI VILLAGE

#### **EXPLANATORY NOTE**

(This note is not part of the Regulations)

- 1. This explanatory note relates to the Game and Wild Birds (Hunting) Regulations 2023. It has been prepared by the Office of the Attorney General and Legal Adviser in order to assist the reader of the Regulations. It does not form part of the Regulations.
- 2. Regulation 4, together with Schedules 1 and 2, specifies the permitted periods for hunting particular species of game within each of the two game seasons. The two game seasons are prescribed by the Game and Wild Birds (Game Seasons) Order 2023 (a).
- 3. Regulation 5, together with Schedule 3, specifies the number of hunting dogs by which a person may be accompanied within permitted periods during each of the two game seasons in each of the Sovereign Base Areas of Akrotiri and Dhekelia.
- 4. The restrictions in these Regulations apply in addition to the restrictions imposed by the Game and Wild Birds Ordinance 2008 (the "2008 Ordinance") and any other public instruments made under it. It would not be lawful to hunt a species of game, even during a prescribed period, if the hunting contravened a provision of the 2008 Ordinance or a relevant public instrument (for example, a provision relating to the method of killing, or the prohibition on hunting between sunset and sunrise).
