

SOLEMN STATEMENT OF THE PROJECT CONSULTANTS

The Streets and Buildings Regulation Law (Cap. 96)

COMPETENT AUTHORITY

Part D3 ¹ Building Energy Performance Statement (for buildings NOT to be used as residences)

I, the Consultant.....refer to the application of
for issue of a building permit for a conventional building/building in accordance with Instruction No.1/2005 on Prefabricated and Wooden Prefabricated Buildings (delete as appropriate) on plot with no. Plan No (Sheet/Plan) Section..... and Registration Certificate No. for which the planning permit with no dated was granted (complete as appropriate) and solemnly state, bearing in mind the consequences of the law, that:

(1) The application concerns (Tick ✓ the right box):

- A new building of total useful surface area **up to** 1000 sq. m
 - (a) whose total useful surface area is square metres.
 - (b) which meets the minimum energy performance requirements for buildings
 - (c) for which I submit a building energy performance study (building shell U-value study and SBEMCy study) with project particulars dated
 - (d) for which I submit a building energy performance certificate with Registration No..... with the building energy performance certificates register of the Energy Service of the Ministry of Commerce, Industry and Tourism

- A new building of total useful surface area **over** 1000 sq. m
 - (a)whose total useful surface area is sq. m.
 - (b) which meets the minimum energy performance requirements for buildings
 - (c) for which I submit a building energy performance study (building shell U-value study and SBEMCy study) with project particulars dated
 - (d) for which I submit a building energy performance certificate with Registration No.... with the building energy performance certificates register of the Energy Service of the Ministry of Commerce, Industry and Tourism
 - (e) for which a technical, environmental and economic feasibility study for installing alternative systems has been conducted, the outcome of which is as follows ²:

- A building of total useful surface area **over** 1000 sq. m, under complete renovation.
 - (a)whose total useful surface area is sq. m.
 - (b) which meets the minimum energy performance requirements for buildings
 - (c) for which I submit a building energy performance study (building shell U-value study and SBEMCy study) with project particulars dated
 - (d) for which I submit a building energy performance certificate with Registration No. with the building energy performance certificates register of the Energy Service of the Ministry of Commerce, Industry and Tourism.

- A building of total useful surface area **over** 1000 sq. m. under complete renovation, the energy performance of which cannot be upgraded
 - (a) whose total useful surface area is sq. m.
 - (b) for which I submit a technical and economic analysis substantiating that its energy performance **cannot** be upgraded.
 - (c) for which I submit a building energy performance certificate with Registration No. with the building energy performance certificates register of the Energy Service of the Ministry of Commerce, Industry and Tourism.

SOLEMN STATEMENT OF THE PROJECT CONSULTANTS

The Streets and Buildings Regulation Law (Cap. 96)

COMPETENT AUTHORITY

Part D3 ¹ Building Energy Performance Statement
(for buildings NOT to be used as residences) (continuation)

- (2) The documents, studies and analysis submitted are in accordance with the Energy Performance of Buildings Regulation Laws of 2006 and 2009 and the Streets and Buildings Regulation (Energy Performance of Buildings) Regulations of 2006, P.I. 429/2006, comply with the Standards and Practice Codes in force at the date they are submitted and concern the building for which the said application for building permit was submitted.
- (3) I acknowledge that the Competent Authority may, in its opinion, forward the studies, building energy performance certificate and any other documents submitted to it in relation to the energy performance of buildings to the Energy Service for check, in which case, I commit myself to provide any other relevant information, as may be required by the Competent Authority.
- (4) I will not directly or indirectly undertake any construction work in relation to a building or any part of its installations.
- (5) I understand that any deliberate inaccuracy or omission may result in the refusal of a building permit application.
- (6) All particulars contained in this form are absolutely true and correct and I acknowledge responsibility for the documents, calculations and analysis, signed by myself.

Full name of Building Energy Performance Consultant:

Cyprus Scientific and Technical Chamber Registration No.

Cyprus Scientific and Technical Chamber Certificate No:

Signature: **Date:**

- 1. This Statement is completed for all buildings NOT intended to be used as residences, for which the application for a planning or building permit is submitted with the competent planning or building authority as from **1.1.2010 and onwards** and for which the provisions of the Energy Performance of Buildings Regulation (Minimum Energy Performance Requirements for Buildings) Order of 2009, P.I. 446/2009 apply.
- 2. The outcome of the study is to be attached separately as Schedule, if not enough space is provided.
